ARGuard Premium Low Ash Natural Gas Engine Oil 7275, 7276 Revision #:0

Safety Data Sheet

Prepared according to GHS

	1. Identification		
Product Name	ARGuard Premium Low Ash Natural Gas Engine Oil		
Product Code(s)	7275,7276		
Recommended Use	Engine Oils		
Company	American Refining Group, Inc. 77 North Kendall Avenue		
	Bradford, PA 16701		
	www.amref.com		
	msds@amref.com		
Emergency Telephone	Chemtrec 1-800-424-9300 (24 HRS)		
Number(s)	ARG: 814-368-1297 (24 HRS)		
	2. Hazards Identification		
GHS Classification	This product is not considered hazardous by the OSHA Hazard		
	Communication Standard (29 CFR 1910.1200).		
Signal Word	Not applicable		
Hazard Statements	Not applicable		
Other Hazard Information	Not applicable		
GHS Pictogram	Not applicable		
Precautionary Statements			

3. Composition / Information on Ingredients

CAS No.ComponentCommon NamePercentThis product does not contain ingredients that are hazardous by the OSHA Hazard Communication Standard
(29 CFR 1910.1200)

4. First Aid Measures			
Eyes	Check for and remove any contact lenses. Flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Get medical attention if irritation develops.		
Skin	In case of contact, flush skin with plenty of soap and water while removing contaminated clothing and shoes. Wash clothing before reuse. Get medical attention if irritation develops.		
Inhalation	Move exposed person to fresh air. Get medical attention if irritation develops.		
Ingestion	First aid is normally not required. Get medical attention if discomfort develops.		

	4. First Aid Measures	
Note to Physicians	No specific treatment. Treat syn treatment specialist if large quar inhaled.	1 2 1

5. Fire Fighting Measures

Suitable Extinguishing Media

Use dry chemical, CO₂, water spray (FOG) or foam

Unsuitable Extinguishing Media

Avoid solid water stream as it may scatter and spread fire.

Specific Hazards Arising from Chemical

Elevated temperatures can lead to the formation of irritating vapors. Decomposing products may include the following materials: Carbon dioxide and Carbon monoxide.

Protective Equipment and Precautions for Firefighters

Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

6. Accidental Release Measures

Personal Precautions

Put on appropriate personal protective equipment.

Environmental Precautions

Prevent product from entering drains. Prevent entry into waterways, sewers, basements or confined areas.

Methods for Containment

Stop leak if without risk.

Methods for Cleanup

Cover liquid spill with sand, earth or other noncombustible absorbent material. Cover powder spill with plastic sheet or tarp to minimize spreading. Pick up and transfer to properly labeled container

7. Handling and Storage

Handling Procedures

Eating, drinking, and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. Do not get in eyes or on skin or clothing. Do not ingest. Avoid breathing vapor or mist.

Shipping and Storing Procedures

Keep container tightly closed in a dry place. Keep away from heat. Protect from light. Keep in properly labeled containers. Keep out of the reach of children.

Incompatibilities:

Oxidizing Agents

8. Exposure Controls / Personal Protection

Component Exposure Limits*

When mists/aerosols can occur the following are recommended: 5 mg/m³ - ACGIH TLV (inhalable fraction), 5 mg/m³ - OSHA PEL.

*Product has 0 kPa pressure at 68°F and is not expected to present any inhalation hazard at ambient conditions. Caution should be taken to prevent aerosolization or misting of this product. Oil mist, if generated, is considered hazardous according to the OSHA Hazard Communication Standard.

	8. Exposure Controls / Personal P	rotection	
Engineering Controls	Material should be handled in en	closed vessels and equipment only if	
2 2	aerosolized and/or misted. Use of	only in adequate ventilation if this	
	occurs. Use process enclosures,	local exhaust ventilation or other	
	engineering controls to keep wor	ker exposure to airborne contaminants	
	below any recommended or statu	atory limits.	
Eye/Face Protection	Safety glasses	Safety glasses	
Skin Protection	Normal work gloves are appropr	Normal work gloves are appropriate	
Respiratory Protection	No special requirements under or	rdinary conditions of use and with	
	adequate ventilation.	adequate ventilation.	
General Hygiene	Wash hands, forearms and face t	horoughly after handling chemical	
	products, before eating, smoking	and using the lavatory and at the end o	
	the working period. Appropriate	techniques should be used to remove	
	U 1 11 1	potentially contaminated clothing.

9. Physical and Chemical Properties

Note: Physical and chemical properties are provided for safety, health and environmental considerations only and may not fully represent product specifications. Please see the Product Specification Sheet for further information.

Appearance	Clear and Bright	Flammability	Not available
· · ·	U	•	
Physical State	Liquid	Upper/Lower	Not available
		Flammability Limits	
Odor	Mild	Vapor Pressure (kPa at	0
		20°C)	
Odor Threshold	Not available	Vapor Density	Not available
pH	Not available	Relative Density (lbs/gal)	7.2-7.4
Melting/Freezing Point	Not available	Water Soluble	No
(°F)			
Initial Boiling Point (°F)	Not available	Partition Coefficient: n-	Not available
		octanol/water	
Boiling Range (°F)	Not available	Auto-ignition	Not available
		Temperature (°F)	
Flash Point (°F)	450	Decomposition	Not available
		Temperature (°F)	
Evaporation Rate	Not available	Viscosity (40°C mm ² /s)	105-135

10. Chemical Stability & Reactivity Information

Reactivity	Polymerization will not occur
Chemical Stability	Stable under normal conditions
Hazardous Reactions	None, under normal processing.
Conditions to Avoid	High temperatures
Incompatibility	Strong acids and oxidizing materials
Hazardous Decomposition	Smoke, carbon monoxide, carbon dioxide, aldehydes and other
Products	products of incomplete combustion.

ARGuard Premium Low Ash Natural Gas Engine Oil American Refining Group, Inc. 7275, 7276 Revision #:0 Page 4 of 6 **11. Toxicological Information Acute Exposure Respiratory Irritation** Not expected to pose respiratory irritation. An inhalation hazard may only arise if product is aerosolized or if heated up. If material is misted or if vapors are generated from heating, exposure may cause irritation of mucous membranes and upper respiratory tract. Based on data from similar materials. **Eye Irritation** Not expected to cause irritation under normal use. Not expected to cause irritation under normal use. **Skin Irritation** Sensitization Not expected to cause skin or respiratory sensitization. **Aspiration Hazards** Not expected to pose an aspiration hazard if swallowed. **Chronic Exposure Target Organ Effects** No data available to indicate product or components at greater than 1% are chronic health hazards. Carcinogenicity No data available to indicate product or any components present at greater than .1% are carcinogenic. No data available to indicate product or any components present at greater **Mutagenicity** than .1% are mutagenic or genotoxic. No data available to indicate either product or components present at greater **Reproductive Toxicity** than .1% that may cause reproductive toxicity. No data available to indicate product or any components contained at greater Teratogenicity than .1% may cause birth defects.

15. Regulatory Information

SARA Extremely Hazardous Substances (Sections 302 & 304) SARA Section 313	This product does not contain greater than 1% of any "extremely hazardous substances" listed pursuant to Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA) Section 302 or Section 304 as identified in 40 CFR Part 355, Appendix A and B. This product does not contain greater than 1.0% of the substances subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40
	CFR
	Part 372.
SARA Section 311 & 312 Classifi	cations Physical Hazard No
	Health Hazard No
CERCLA Th	is product does not contain any "hazardous substances" listed under the
	omprehensive Environmental Response, Compensation and Liability Act of
	80 (CERCLA) in 40 CFR Part 302, Table 302.4.

California Prop 65This product is not routinely tested to determine chemical(s) known to the
state of California to cause cancer and/or birth defects based on maximum
impurity levels of components.
